GL-ET 110

**Screen EXLI Electron Universal
Tester (Mortar Pull Test Machine)**

PRODUCT APPLICATION

This product is suitable for the mechanical properties of various metals, non-metals and composite materials for mechanical performance testing and analysis, and can obtain test data such as the maximum test force value, fracture force value, yield strength, up and down yield strength, tensile strength, compressive strength, fracture elongation, tensile elastic modulus, etc. of the test material.

Product Specifications

SPECIFICATIONS	GL-ET 110
Mode of control	Screen control
Maximum load kN	5
Test force resolution	500,000 yards
Accuracy class	Level 1
Effective test space mm	800
Effective test width mm	380
Speed range mm/min	0.01 to 500
Displacement measurement accuracy	±1%
Deformation measurement accuracy	±1%
Test force measurement range FS	1% to 100%
Deformation measurement range FS	1% to 100%
Power power kW	0.4
Power supply voltage	AC220V ±10%, 50Hz
External size mm	800 x 450 x 1600
Weight of kg	160
