ROCK SOLIDLY RELIABLE

GL-GT 107

**Coarse-Particle Soil Horizontal
Permeability Tester**

PRODUCT APPLICATION

This test is suitable for disturbed coarse granular soil samples and original coarse granular soil samples.

Complies with GB/T50123-2019 standard.

Product Specifications

SPECIFICATIONS	GL-GT 107
Test tube specifications	300 × 300 × 600 mm
Water level height	3000 mm
Pressure test hole spacing	50 mm
Garner equipment	Leveraged pressurization
Water supply bucket size	140 × 140 × 140 mm
Storage bucket size	260 × 400 × 400 mm
Voltage	AC220V
Dimensions	1400 × 600 × 1900 mm
Weight of equipment	200 kg
