ROCK SOLIDLY RELIABLE

GL-MI 20

Constant temperature and humidity control system (corrup)

PRODUCT APPLICATION

Cement plants, construction and construction units, highway and bridge engineering units, and relevant scientific research quality inspection departments can use the product to test samples like mortars and cement products for strength and stereotyped condensation time for routine maintenance.

Product Specifications

SPECIFICATIONS	GL-MI 20
Control temperature	15 ~ 25 °C (adjustable)
Temperature control instrument error	±1 °C
Control humidity	50 ~ 80 % RH ±5 (adjustable)
Maximum control area	10 m ²
Heating power	1500 W
Refrigeration power	1500 W
Dehumidification power	500 W
Operating voltage	AC220V ±10%, 50 Hz
Wall-mounted controller mounting size	450 × 200 × 550 mm
1.5P air conditioning external machine size	840 × 540 × 320 mm
Dehumidifier external dimensions	500 × 400 × 700 mm
