ROCK SOLIDLY RELIABLE

## GL-CC 102

**Constant Temperature &  
Humidity Controller  
(High-Pressure Atomization)**

## PRODUCT APPLICATION

The product complies with GBJ204-83, GBJ177-85, (ISO) GB/T-17671, and GB/T 50081-2019 "concrete physical and mechanical properties test method standard," and it can be used to maintain large quantities of concrete, cement products, and other test parts in multiple laboratories.

## Product Specifications

SPECIFICATIONS	GL-CC 102
Temperature Control	20±2 °C
Temperature Control Error	±1 °C
Humidity Control	≥95% RH
Power Supply	380V (three-phase five-wire), 50 Hz
Refrigeration Power	3000 W / 4000 W
Heating Power	9000 W
Control Volume	50 m <sup>3</sup> / 100 m <sup>3</sup>
