ROCK SOLIDLY RELIABLE

**GL-CC 110**

**Concrete Vibration Table**

## PRODUCT APPLICATION

This product is suitable for construction enterprises, prefabricated component factories, commercial concrete factories, construction engineering quality testing units, scientific research institutions, laboratory concrete test block vibration molding, the product meets the technical requirements of JG/T3020-94 "concrete test shaker" construction industry standard requirements. The shaker is mainly composed of countertops, bottom frames, vibrator springs and other components. Countertop size, voltage, etc. can be customized)

## Product Specifications

SPECIFICATIONS	GL-CC 110
Table Size	500 × 500 mm
Vibration Frequency	2860 min <sup>-1</sup>
Load Capacity	100 kg
Amplitude	0.3 to 0.6 mm
Motor Power	0.55 kW
Power Supply	AC 380V ±10%, 50 Hz
Weight	35 kg
